Learn the basics of cross-country skiing

Take advantage of the knowledge of the elite exerciser Mikael Kulanko and develop in the tracks. Here you get to learn the basics and then see if you have learned anything. We end with a relay, where a winning team is crowned and a prize for the best collaboration and goal gesture is awarded.

Price: 3000kr. Valid for about 2 hours for up to 15 participants. Book via kuri.se/vallasen. For more than 15 participants, contact Mikael for a quote request.

Basics in cross-country skiing + Lecture on the challenges of the Vasaloppet In addition to the basic course in cross-country skiing, you can also choose to listen to and be inspired by the lecturer Mikael Kulanko. He has made 117 starts and finishes in Mora and shares his tips and experiences here. How do his thoughts go to achieve goals? How do you set intermediate goals in the best way? And how does the thought pattern differ from when you go to work to when you leave work? This and much more will be discussed and hopefully it is you who will cross the finish line next time!

Price: DKK 7,000. Applies to approximately 2 hours length course and 60 minutes lecture for up to 15 participants. Book via kuri.se/vallasen. For more than 15 participants, contact Mikael for a quote request.
